

Ingenico 3050

PIN Pad Range

- **Ingenico 3050** is a small footprint, hand-held PIN Pad ideal for use in single POS environments.
- It is based on Ingenico's UNICAPT™ 32-bit platform architecture providing EMV level 2 kernel, powerful processing of cryptographic algorithms and secure multi-application environment.
- Ingenico 3050 is PCI PED online and offline certified.
- It offers a cost-effective way to up-grade existing operations to include secure customer activated transactions and PIN entry.
- Enhanced ease of use via a large graphic display and three function keys.

Secure PIN Pad
PCI PED certified

EMV
Fast transaction time

UNICAPT
Application compatibility

Remote downloading

A cost effective, secure PIN Pad for transitioning to EMV 4

Ingenico 3050

Easy insertion of smart cards by consumers

15 standard keys and three function keys for easy menu navigation

Physical and logical security

- Ingenico 3050 is PCI PED on and off-line certified.
- Multi application security is provided by UNICAPT™ technology permitting several applications to run independently on the same device. An additional benefit is the portability of applications across the whole UNICAPT 32 product range.

Multiple functions

- Secure downloading of applications (new and update) using local or remote download.
- Multiple languages supported.

Ergonomic design

- Fits in the palm of your hand.
- Small footprint optimises counter space.
- Large graphic display combined with function keys offers a user friendly interface and navigation ease

Simple and cost-effective transition to EMV 4

- Compatible with all of Ingenico countertop terminals (i5100, i5310 etc), i5050 provides a cost effective way to upgrade existing point-of-sale operations to comply with EMV and PIN entry standards.
- Ingenico 3050 can also be used with non-Ingenico terminals.

Memory	2 KB SRAM & 4 MB Flash
Processor	ARM 32 bits
Architecture	UNICAPT 32 EMV level 2 approved
SAMs	No SAM
Security	PCI PED on-line/off-line certified Optional privacy shroud
Display	Graphic, 128 x 64 pixels, backlit
Keypad	18 keys (including navigation keys)
Smart card reader	EMV level 1 approved. ISO 7816 1-2-3-4 Async/Sync. T=0 & T=1
Connectivity	RS 232
Cable	Detachable cable
Environmental	Operating temperature: 5°C to 50°C
Dimensions	H: 36 mm x W: 80 mm x D: 138.5 mm
Weight	200 g (without cable)
