Health care is expensive and the process is time-consuming

Cost and time are the two most important concerns when you're a small or medium-sized business. The cost of insurance is a problem for many business owners, and even Obamacare doesn't include vision and dental services. Plus, the time it takes to see a doctor, let alone making an appointment, is frustrating. But, you shouldn't let your health suffer.

Our Merchant Health Plan provides you low-cost, quality care when you need it

There are not a lot of simple solutions when it comes to health care: expensive insurance, ineffective government insurance, or no insurance and crazy out-of-pocket costs when services are needed.

Luckily, there is another option. The Merchant Health Plan (MHP) is the premier health benefits program offered exclusively by Merchant Service Group LLC to advantage our merchants.

On demand health care: use it only when you need it at little or no cost. Save hundreds every month on premiums.

MHP includes health, dental, prescription drug, and vision services.

More than 12 million members are enrolled in the health and dental plans today.

There are no health restrictions, processing fees, or long-term contracts.

Save Time and money. This health care is built around your busy schedule.

Enroll your employees and/or family members. Corporate packages are available.

MHP Includes

Medical

Health services are provided by Ameridoc, which means doctor consulting, diagnosing, treating, and monitoring of patients can be accomplished quickly via telephone, online video call, or email.

- ▶ No co-pays or waiting to see a doctor; connect the same day
- ▶ 24/7 access with live United States physicians and board-certified pediatricians
- ▶ Consult with a physician about conditions like asthma, cold and flu problems, rashes, headaches, nausea, and much more

AmeriDoc

Prescription Drugs

After you have had a consultation using Ameridoc, the physician can immediately send a prescription to a pharmacy where you can pick it up. Also, the RX plan guarantees savings on name-brand or generic prescriptions drugs.

- ▶ Available at over 58,000 pharmacies nationwide including CVS, Walgreens, Rite-Aid, Walmart, Costco, Safeway, and more
- ▶ Prescription drug savings from 15% up to 60%

CVS

RITE
AID

COSTCO
WHOLESALE

Walgreens

Dental

MHP guarantees discounts of at least 20-50% on dental exams, major dental work, and more. All you have to do is log into the MHP portal and enter your zip code to find a dentist that's right for you.

- ▶ Accepted at over 100,000 dental locations
- ▶ Aesthetic procedures like teeth whitening and braces are included
- ▶ Unlimited plan usage with no administrative forms
- ▶ Obamacare does not provide dental services

Careington

Aetna Dental Access[®]

Vision

MHP makes it easy and affordable to take care of your vision health by providing you with significant discounts on eye exams, eyewear, LASIK surgery, and more.

- ▶ Guaranteed savings of at least 20-50% on vision services
- ▶ Unlimited plan usage with no administrative forms or waiting
- ▶ Find participating optometrists in your area easily
- ▶ Obamacare does not provide vision services

How it works

Scenario 1: Doctor Appointment

Have you ever had cold symptoms that you wanted to speak about with a physician? You want to see a doctor but you worry about the cost and the time away from your business. So you try and tough it out but give in eventually and make an appointment. Then you have to play the waiting game: wait days or weeks for the appointment, wait in the waiting room, and wait in the examination room. Then you get about 5-10 minutes of consultation and a prescription.

With MHP, this old-fashioned and inconvenient way of seeking health care is gone. Make an appointment, consult with a doctor, and pick up your prescription all in the same day. As much as 70% of all doctor office visits for common conditions can be replaced with Ameridoc. It's simple.

01

Log onto your personalized health portal.

02

Choose which method you want to have a consultation: by phone, video chat, email, or even text.

03

Within as little as 25 minutes, a board certified physician will contact you for your consultation.

04

After the consultation, the doctor can send a prescription to your nearby pharmacy.

05

Pick up your prescription and start feeling better ASAP.

Scenario 2: Dentist Appointment

Your dental health is just as important as your bodily health. The same concerns about wasted time and money come into play when finding the right dentist. You need to be able to trust your dentist and his abilities and know you're getting a fair price for the services.

With MHP, you get all this plus guaranteed discounts on all procedures, including cosmetic dentistry such as teeth whitening and orthodontics.

01

Log onto our portal, enter in your zip code, and find one of over 100,000 participating dentists.

02

Schedule a dentist appointment.

03

Present your MHP card at your appointment and save anywhere from 20-50%!

Already have Insurance?

Another benefit of signing up with MHP is that even if you have insurance or get insurance later, the addition of a health savings plan can continue to save you money and help you get faster health care. You don't have to switch insurance; MHP can work with any provider you want to work with. MHP just gives you more options to get service, and it can get you discounts on services your insurance might not cover.
